Pharo

pharo.org

The live programming experience

Pharo is a pure open-source reflective object-oriented programming language and a powerful environment, focused on simplicity and immediate feedback. Fully written in itself.

Pharo offers a unique immersive programming experience. Amazing debugging experience.

Full syntax on half of a postcard
740 internal packages
More than **3000** external projects
30 Universities use Pharo to teach OOP
15 international research groups use Pharo
98 committers

Industrial Consortium

https://consortium.pharo.org

To structure the community
To sustain the development of Pharo
21 industrial members / **28** academic members

1 User Association

https://association.pharo.org

29 open-source books

https://books.pharo.org

Two moocs

https://mooc.pharo.org
https://advanced-design-mooc.pharo.org

Covering Pharo, intro to advanced design, Pharo libraries and web development

1 K participants
93 videos, 155 quiz
6 large exercises
1 full web application
7 challenges

Technology Stack

AI/MCP
Moose
Bloc, Toplo, Roassal
Metamodeling
Web development:
- Seaside
- Teapot, REST
