Pharo

pharo.org

The live programming experience

Pharo is a pure open-source reflective object-oriented programming language and a powerful environment, focused on simplicity and immediate feedback. Fully written in itself.

Pharo offers a unique immersive programming experience. Amazing debugging experience.

Full syntax on half of a postcard

740 internal packages

More than **3000** external projects

30 Universities use Pharo to teach OOP

15 international research groups use Pharo

98 committers

Industrial Consortium

consortium.pharo.org

To structure the community

To sustain the development of Pharo

21 industrial members / **28** academic members

1 User Association

association.pharo.org

29 open-source books

books.pharo.org

Two free MOOCs

15 K participants from 100+ countries

Live Object Programming in Pharo

mooc.pharo.org

93 videos, 155 quiz

6 large exercises

1 full web application

7 challenges

Dubbed EN & FR

Subtitles EN, FR, ES, JA

Advanced Object-Oriented Design

advanced-design-mooc.pharo.org

10 modules

64 lectures

1 exercise book

Quizzes & Open Badge

Concepts valid in any OO language

Technology Stack

AI/MCP

Moose

Bloc, Toplo, Roassal

Metamodeling

Web development:

- Seaside
- Teapot, REST

Integration: Jenkins, GitHub

Persistence:

- OO: GemStone
- NoSQL: MongoDB, UnQLite, Tokyo, Redis
- Relational: Postgres, MySQL, SQLite

Platforms:

- Linux, Windows, macOS
- Mobile: iOS
- Raspbian
